Global SDG Indicator	Yes
Proxy	No
Supplemental	No

Definition

Global Definition

Percentage of ever partnered women and girls aged 15 years and older who have experienced physical, sexual or psychological violence by a current or former intimate partner, in the previous 12 months. The different forms of violence included in the indicator are defined as follows:

1. Physical violence consists of acts aimed at physically hurting the victim and include, but are not limited to, pushing, grabbing, twisting the arm, pulling the hair, slapping, kicking, biting or hitting with the fist or object, trying to strangle or suffocate, burning or scalding on purpose, or threatening or attacking with some sort of weapon, gun or knife.
2. Sexual violence is defined as any sort of harmful or unwanted sexual behavior that is imposed on someone. It includes acts of abusive sexual contact, forced engagement in sexual acts, attempted or completed sexual acts without consent, incest, sexual harassment, etc. In intimate partner relationships, experiencing sexual violence is commonly defined as being forced to have sexual intercourse, having sexual intercourse out of fear for what the partner might do, and/or being forced to do something sexual that the woman considers humiliating or degrading.
3. Psychological violence includes a range of behaviors that encompass acts of emotional abuse and controlling behavior. These often coexist with acts of physical and sexual violence by intimate partners and are acts of violence in themselves. (UN Women and UNFPA)

National Definition

VIOLENCE AGAINST WOMEN – an act of gender-based violence that results in, or is likely to result in, physical, sexual,

or psychological harm or suffering to women, including threats of such acts, coercion or arbitrary deprivation of liberty, whether occurring in public or in private life. It encompasses all forms of violation of women's rights, including threats and reprisals, exploitation, harassment, and other forms of control.

PHYSICAL VIOLENCE – an act of inflicting physical injuries, parricide, homicide, frustrated parricide, murder or homicide, infanticide, and abortion.

SEXUAL ABUSE – an act, which is sexual in nature, committed against a woman without her consent. Sexual abuses include but are not limited to the following: rape, sexual harassment, acts of lasciviousness; treating a woman as a sex object; making demeaning and sexually suggestive remarks; physically attacking the sexual parts of her body; forcing her to watch pornographic video shows or see pornographic materials; catching the husband having sex with another woman in the marital bedroom; forcing the wife and mistress to sleep with the husband in the same room.

PSYCHOLOGICAL VIOLENCE – an act or behavior committed against a woman, which destroys belief in her self, demeans, disempowers, and causes mental and emotional disturbance. This includes but is not limited to: verbal abuse, economic abuse, accusation of infidelity, prolonged silence, taking children away from her, ordering the woman out of the house, infidelity of the partner, threats and coercion and sexual harassment.

Global Definition

Sexual violence is defined as harmful or unwanted sexual behavior that is imposed on someone. It includes acts of abusive sexual contact, forced engagement in sexual acts, attempted or completed sexual acts without consent, incest, sexual harassment, etc. However, in most surveys that collect data on sexual violence against women by non-partners the information collected is limited to forcing someone into sexual intercourse when she does not want to, as well as attempting to force someone to perform a sexual act against her will or attempting to force her into sexual intercourse.

Foundation for Media Alternatives (FMA) defined technology-related violence against women or eVAW as violence against women in and using ICT platforms such as television, radio, telephone/mobile phones, computers, SMART phones, tablets, internet, VoIP, social networking sites (FB, Twitter), websites and blogs.

Several forms of eVAW crimes being perpetrated are:

- Cyberharassment.

It is the online harassment of women, which includes rape threats, doctored photographs portraying women being strangled, postings of women's home addresses alongside suggestions that they are interested in anonymous sex, and technological attacks that shut down blogs and websites (Citron 2009).

Forms of cyberharassment are: cyberstalking, emails to forward unwanted proposals blackmail, extortion/ publication of an individual's personal information, monitoring by abusers of both the physical and virtual activities of their victims.

- Cyberpornography.

It is an act of using cyberspace to create, display, distribute, import or publish pornography or obscene materials, especially materials depicting children engaged in sexual acts with adults.

- Cybertrafficking.

The forms of cybertrafficking are: fake online "marriage agencies and websites advertising nonexistent work or study opportunities and the commercialization of private home videos.

Target 5.5: Ensure women's full and effective participation and equal opportunities for leadership at all levels of decision-making in political, economic and public life.

5.5.1 Proportion of seats held by women in (a) national parliaments and (b) local governments.

Indicator Classification

Global SDG Indicator	Yes
Proxy	No
Supplemental	No

Definition

Global Definition

The proportion of seats held by women in (a) national parliaments, currently as at 1 February of reporting year, is currently measured as the number of seats held by women members in single or lower chambers of national parliaments, expressed as a percentage of all occupied seats.

National parliaments can be bicameral or unicameral. This indicator covers the single chamber in unicameral parliaments and the lower chamber in bicameral parliaments. It does not cover the upper chamber of bicameral parliaments. Seats are usually won by members in general parliamentary elections. Seats may also be filled by nomination, appointment, indirect election, rotation of members and byelection.

Seats refer to the number of parliamentary mandates, or the number of members of parliament.

1) In the case of women in national parliaments the indicator covers the single chamber in unicameral parliaments and the lower chamber in bicameral parliaments. It does not cover the upper chamber of bicameral parliaments.

National Definition

The number of seats held by women in the House of Representatives (HOR) and Senate of the Philippines expressed as a percentage of all occupied seats in the HOR and Senate (based on the definition of UNSD).

The number of seats held by women in the local governments expressed as a percentage of all occupied seats in the local governments.

Method of Computation

Global

The proportion of seats held by women in national parliament is derived by dividing the total number of seats occupied by women by the total number of seats in parliament.

There is no weighting or normalising of statistics.

National

The indicator is obtained by dividing the number of Senate and HOR seats occupied by women by the total number of Senate and HOR seats occupied (based on the definition of UNSD).

For local governments:

$$[\text{Number of local government seats occupied by women} / \text{Total number of local government seats occupied}] * 100$$

Definition

Global Definition

This indicator refers to the proportion of females in the total number of persons employed in senior and middle management. For the purposes of this indicator, senior and middle management correspond to major group 1 in both ISCO-08 and ISCO-88 minus category 14 in ISCO-08 (hospitality, retail and other services managers) and minus category 13 in ISCO-88 (general managers), since these comprise mainly managers of small enterprises. If statistics are not disaggregated at the sub-major level, then major group 1 of ISCO-88 and ISCO-08 could be used as a proxy

National Definition

Managers - workers in this group plan, direct, coordinate and evaluate the overall activities of enterprises, governments and other organizations, or of organizational units within them, and formulate and review their policies, laws, rules and regulations.

Goal 5. Achieve gender equality and empower all women and girls

Target 5.c: Adopt and strengthen sound policies and enforceable legislation for the promotion of gender equality and the empowerment of all women and girls at all levels

5.c.1 **percentage of countries with systems to track and make public allocations for gender equality and women's empowerment**

Indicator Classification

Global SDG Indicator	Yes
Proxy	No
Supplemental	No

Definition

Global Definition

This indicator seeks to measure government efforts to track budget allocations and actual expenditures for gender equality throughout the public finance management cycle and to make these publically available. Systems for tracking budget allocations and expenditure are an important first step to closing gender gaps. The system should be led by the Ministry of Finance in collaboration with the sectoral ministries and National Women's Machineries and overseen by an appropriate body such as Parliament or Public Auditors. (UN Women)

National Definition

Per Gender and Development (GAD) Budget Policy in 1995, all government agencies, government-owned and controlled corporations, state universities and colleges and local government units are enjoined to utilize at least five percent of their budget for programs to promote women's empowerment and gender equality.

Method of Computation
