

ALTERNATIVE TO SAME OLD SONG AND DANCE

When you want an alternative to traditional parties, book one of our game shows to entertain your guests in an interactive or low key way for the main party or cocktail hour. (They are also great for cocktail hours). Add some DJ Music or video montage playback (free with video based game shows) and you have a new way to enhance your affair for friends and family of all ages. We have been in business over 22 years, are more cost effective than a "DJ" with a trivia game show prop, have the most game show resources, and now focus primarily on game show production (for all types of events).

PRODUCTION LEVELS

Our game shows can be scaled to desired production and presentation level, adhering to your budget, from moderate to extensive as well as low key or extravagant.

- **3 Star** — middle of the road, designed for most events
- **4 Star** — expanded designs included nicer props, truss, and expanded LED lights
- **5 Star** — highest production / trade show level
