Audio Visual

Why pay hotel AV Prices?

Book our **AV Services** and essentially get a "game show for free". For less than what corporate AV companies or hotels charge you for **basic AV**, we can provide you with similar AV and interactive games. Don't want the interactive games? We can still provide you with basic to mid level audio visual and staging for far **LESS** than any AV company can.

The same equipment (and more) that is used for our game shows can be used for **basic to moderate AV** needs in schools, **corporate events sales meeting, fashion shows, trade shows, and more.**

Executive Producer Jeff Helfand has over 25 years of event production experience including: **Audio Visual, Theatre, Broadcasting, Event Support.** College education included Communications with Business, Speech, and Theatre experience as well as many program board type groups.

At present, our internal limitations prevent us from "rigging" lights from hanging positions. We ground support lights. However, if this is a requirement, we have **several associates** which we can use to make this happen. Our inventory is good for most small to medium size events.

If your needs are beyond what we have, we can acquire or rent necessary equipment. Need an overhead projector? We will get it for you. Additional microphones? — give us the lead time and you will have it.

Call us for a free consultation and estimate. We will beat any price on similar designs.

In summary, the best part is that we are **significantly cheaper** than AV companies that work in hotels. For what they charge you for basic AV, we can provide better AV and a game show. Even if you only use the game show part for a small portion of a meeting, you will come out ahead. Furthermore, we bid on the "**Big picture**" of a job, not rent individual items. Need an extra mic? No problem and no charge. We don't like to nickel and dime our clients.

As of January 2010

Some of our capabilities (not all inclusive and growing)

Sound

- ◆ Up to 16 channel mixing
- ◆ Wireless microphones (including lavalier and headset)
- ◆ Wired microphones
- ◆ Microphone stands
- ◆ Powered speakers
- ◆ Powered subwoofers / satellite systems
- ◆ DJ Systems
- ◆ Speaker stands

Lights

- ◆ Par 38 Lighting
- ◆ Ultra Pars (adjustable distance pars)
- ◆ Tree mount dimmers
- ◆ Tree mount relay packs
- ◆ Moving scanner lights
- ◆ Moving heads
- ◆ DMX Effects
- ◆ DJ Effects
- ◆ LED Effects Lighting
- ◆ Color changing wash lights for backdrop / stage
- ◆ Lighting Tripods
- ◆ Truss (square and triangle)
- ◆ DMX Light Control
- ◆ Computer lighting control

Video Projection

- ◆ 1200-3500 Lumen Video Projectors
- ◆ 6X8 Video screens (front/rear)
- ◆ Ultra Short Throw Projectors
- ◆ 9X12 screens
- ◆ 4X6 screens
- ◆ Video Mixing Systems for video foldback
- ◆ Live Titling capabilities
- ◆ DVD Playback
- ◆ Computer playback

Scenery

- ◆ Game Podiums
- ◆ Trade Show Booths
- ◆ 3' Pipe and Drape
- ◆ 8' Pipe and Drape
